The following distances and angles formed by the Madras Church Steeple, the Flag Staff on St. Thomas's Mount, and Perumbaukum Hill (a small sugar loaf detached hill which lays about 8 miles South of the Mount, and whose position was determined by Major Lambton's Survey,) will enable any observer on board of a Ship riding in the Madras Roads to determine its birth with great precision by taking their angular distance with a common Sextant.

Government Advertisement.

PUBLIC DEPARTMENT.

THE Right Honorable the Governor in Council having been informed that an erroneous opinion has been entertained of the nature of the orders which have been furnished to the Superintendent of the H. C.'s Observatory, in regard to Sea Time-keepers delivered to his charge for the purpose of having their daily rate ascertained; notice is hereby given, under the authority of His Lordship in Council, that all Chronometers which may be sent to the Observatory by any of the Captains and Officers of His Majesty's Navy, or of the H. C.'s Sea Service, or by the Masters and Officers of British Merchant Vessels frequenting this port, will be received every day (Sunday excepted) between the hours of Eleven and Two. That they will be regularly compared for as many days as may suit the occasion of the owners, and that they will be returned, on written applications between the same hours, accompanied by detailed accounts of their rates of going while deposited, free from all fees or charges of every description.

Published by order of the Right Honorable the Governor in Council.

G. G. KEBLE,
SEC: TO GOVERNMENT.

FORT ST. GEORGE, 20*th April* 1807.

Pursuant to the above Advertisement, notice is hereby given that no Time-keeper sent to the H. C.'s Observatory, for the purpose of having its rate ascertained, will be returned without a *written* application from the owner; and unless it be transmitted within the hours specified by the said Advertisement.

In order to meet the public conveniency and to insure the safe transmission of Watches, whose rate has been ascertained, the Superintendent of the H. C.'s Observatory will on receiving a written application for the same, cause such Time-

keepers to be taken, (if it be the pleasure of the owner,) to Mr. Robert Gordon's house near the North Gate in Fort St. George, free from all charges, at the appointed time, and by a safe conveyance.

H. C.'s Observatory, April 20, 1811.

JOHN WARREN,
Acting Astronomer.

N. B.—It is also recommended to the owners never to send their Time-keepers in a Palankeen, for long experience has shown that its motion disturbs the rate and frequently stops the watch altogether.

COLLEGE SCHOOL.

Besides the College at Hertford, the Company patronize a School subordinate to it, and under the superintendence of the Principal, into which boys may be admitted at an early age, and in which they will be taught the elements of general learning, and such other accomplishments as are the usual objects of instruction in the larger seminaries of this country. Especial attention will be paid also to such parts of education as may serve to qualify them for public business, and for the higher departments of commercial life.

Though this School be designed as introductory to the College, it is not to be understood that the Company is pledged to make it the sole channel of an appointment to the College itself; but it is nevertheless proper to observe, that those who shall have passed through both institutions will enjoy the advantage of an uniform system of education, begun in early youth, and continued to their departure for the duties of their public stations.

Notwithstanding that an intimate connection is intended to subsist between the College and the School, it is nevertheless to be understood, that, whilst the College is exclusively appropriated to persons designed for the civil service of the Company abroad, the School will be open to the public at large.

The Rev. M. H. Luscombe, A. M. of the University of Cambridge, is appointed Head Master of the School; to whom the annual sum of seventy guineas is to be paid for each pupil; which, without any additional charge, will include, besides the usual course of classical instruction, the French language, writing, arithmetic, mathematics, drawing, and dancing.

Extract *of a general letter from England in the Commercial department, dated 7th Sept.* 1808.

Para. 229. IN our letter of the 31st October 1799, we informed you that we had appointed Messrs. Hyde and Marter, Clerks in our Accountant's Office to act as Agents in the clearance of Baggage, Wines and Presents from the Company's Warehouses, and that we had been induced to appoint our own Servants to conduct this business in order that they might be accountable to us for the propriety of their conduct.—The increase which has taken place in the Civil and Military establishments of our several Presidencies, and the consequently augmented number of persons returning to Europe, have determined us to make a separate department for the purpose of clearing Baggage, Wines and Presents, and we have appointed Mr. William Marter and Mr. William Evans to be Warehouse-keepers of Baggage subject to our immediate inspection and controul, and we have made such arrangements with His Majesty's Board of Customs for ascertaining and paying the duties on Baggage, &c. as will ensure the greatest possible dispatch in the delivery of the articles to the respective proprietors.

230. We have also sanctioned a table of fees and allowances to be received for the discharge of this duty and for reimbursing the expenses attending it, and we have prohibited the Baggage Warehouse-keepers from receiving any other than the authorized allowances, upon pain of our severest displeasure.

231. As we have erected this establishment for the sole purpose of the convenience of our Servants and others who may return to Europe, we direct that our intentions in this respect be made public, and be constantly affixed up in the Export Offices of our several Presidencies, and that it be signified to all our Servants returning to Europe, that it is our desire that they apply to our said Warehouse-keepers Messrs. Marter and Evans to clear and deliver them their Baggage, Wines, and Presents, as we have directed Messrs. Marter and Evans to transact every branch of business connected with this department, which will render the Agency of all other persons unnecessary.

232. Passengers arriving from India are liable to inconvenience from being ignorant of the law which prohibits Calicoes being printed, painted or stained or dyed, and also silk Goods from being worn or used in this Country, and such Goods although made into apparel are of necessity taken out of their Baggage and detained by the Officers of the Revenue; We direct therefore, that notice hereof be made generally public, and further that Napkins, &c. which contain a coloured stripe how-

ever small, are considered to be prohibited and cannot be passed in England as part of their baggage.

Extract *of a general letter from England in the Public Department, dated 26th August 1801.*

HAVING adverted to the immense quantity of baggage brought home by the Passengers arrived in the Company's Ships and being desirous of promoting every regulation that appears to us likely to increase the importation of surplus Tonnage, we have investigated this as one cause, which has occasioned the reduction of that important benefit, both to the Company and Owners, the space occupied by the Passengers baggage in one of the ships lately arrived having amounted to the immense quantity of 63 Tons; conceiving therefore some regulation necessary to be adopted to correct as much as possible this growing evil and to prevent such immense quantities of baggage being imported, to the ultimate exclusion of the Company's cargo; we have come to the following resolutions, with copies of which you must furnish the Commanders of all Ships in the Company's Service for their information and guidance; and we direct that you adopt every other means which may appear necessary towards carrying the same into effect, viz.

That Gentlemen proceeding to England in the undermentioned stations be restricted from taking with them, a larger Tonnage of baggage and stores, than the following, exclusive of their bedding, a table and a sopha or two chairs, for their respective cabins, viz.

Gentlemen of Council, - - - - - - - - -	5	Tons.
General Officers, - - - - - - - - - - - -	5	do.
Colonels in His Majesty's or Company's Service,	4	do.
Senior Merchants - - - - - - - - - - - -	4	do.
Lieutenant Colonels - - - - - - - - -	3	do.
Junior Merchants - - - - - - - - - - - -	3	do.
Majors - - - - - - - - - - - - - - - -	2½	do.
Factors - - - - - - - - - - - - - - - -	2½	do.
Captains - - - - - - - - - - - - - - - -	2	do.

That Gentlemen proceeding to England in either of the abovementioned stations who may be permitted to bring home their families with them, be restricted from taking more Tonnage than one half of the preceding allowance in addition, as the Ladies baggage.

That married Ladies proceeding to their Husbands in England,

be restricted from taking more than 2-3ds of the Tonnage prescribed for a Gentleman of the same rank as their Husbands.

That Writers, Lieutenants, Ensigns, and other cabin Passengers be restricted from taking a larger quantity of baggage and stores than 1 Ton each, exclusive of their bedding, a table and sopha or two chairs.

That married Ladies proceeding to their Husbands in England of either of these last mentioned descriptions, be restricted from taking more than a similar quantity of baggage.

That such Gentlemen of either of these last mentioned descriptions who may be permitted to bring home their Wives with them, be restricted from taking more than 1 Ton in addition as the Ladies baggage.

That single Ladies be restricted from taking more than the same quantity of baggage and cabin furniture.

That all excess of baggage beyond the abovementioned quantities, on whatever Ship it may be brought home, be invariably charged freight at the charter party rate per Ton, and that the said baggage be not delivered from the Company's Warehouse, till such freight shall have been paid into the Company's Treasury.

THE Right Honorable the Governor in Council having resolved that no ordnance, fire arms, ammunition or military stores of any description shall be purchased or sold by any individual residing under the protection of the Government of Fort St. George, (with the exception of regular Shopkeepers, who may import from England, small arms, battle powder, swords or dirks for sale to their Customers) does hereby order and direct, that all individuals having any ordnance, fire arms, ammunition or military stores, which may be intended for sale, (with the exception above stated,) shall deliver the same at the Arsenal of Fort St. George, where a receipt will be granted by the Officer of Government.

The individuals will be reimbursed by the Government in the full value of all articles so delivered, on their making application at the Office of the Military Board.

It is the desire of His Lordship in Council to obviate the inconvenience which this Regulation might produce to individuals who may require arms, ammunition, &c. for the protection of ships or other vessels that may be employed in Trade.—It is therefore hereby notified, that articles will be supplied from the

Arsenal when it may not be inconvenient, under the usual authority of Government and the Military Board,

JUDICIAL DEPARTMENT.

THE Honorable the Governor in Council is pleased to publish the following Extract from a Regulation under date the 6th November last, prohibiting individuals from dressing their servants in the Regimentals of the Company's troops, for general information.

EXTRACT FROM REGULATION III, A. D. 1810.

SEC. IX. *First.* All persons whether European or Native, within the Company's provinces (excepting such privileged persons as the Government may specially exempt from the operation of the rule contained in this Section) are positively forbidden to dress any of their servants, either for the purpose of parade or of business, in the uniform of the Companys' sepoys and lascars, or in a dress, so nearly approaching to that uniform, as to enable the persons wearing it to impose themselves on the country people for sepoys and lascars.

Second. All natives, excepting those actually in the Military Service of the Company, or belonging to persons specially exempted by Government from the operation of this rule, are forbidden to wear a dress similar to that mentioned in the foregoing clause.

Third. Officers of every description, employed in the service of the Company, who are allowed establishments of peons, in their official capacity or who may have occasion to employ persons of that description, in such capacity, are prohibited from clothing them with a military dress.

Fourth. With the view of giving full effect to the orders contained in the preceding clauses, the Military Commanding Officers of stations, and of detachments, in the interior parts of the country, and the several zillah Magistrates are hereby authorized and required, to deprive of a military dress any person who shall wear it contrary to these orders, The local Officers of police are also empowered and directed to apprehend all persons of the above description, and to send them to the Magistrate, who will deal with them in the manner above prescribed.

Fifth. Military Officers, or other persons, to whom escorts may be allowed, when travelling through the country, are forbidden to send sepoys or lascars into the villages, for the purpose of procuring any sort of provisions or of pressing bearers, coolies, or boatmen. Every local Officer of police, upon proper application, will, under Section VIII, of this regulation, grant such assistance as he may be able to afford; and all violent measures, therefore, will be considered equally illegal and unnecessary.

Sixth. No persons shall be allowed to distinguish his peons, or other servants, with badges, except the Public Officers (civil or military) employed in the service of the Company, who are allowed establishments of peons in their official capacity, or who may have occasion to employ persons of that description, in the public service. The several zillah Magistrates are empowered and directed to apprehend any person (not being in the service of a Public Officer of the Government, authorized to entertain such servants) who shall wear a badge, in opposition to the prohibition contained in this clause, and to deprive him of the badge. The local Officers of police are also authorized and directed to apprehend persons of the above description, and to send them to the Magistrate, by whom the offender will be dealt with as above directed. Any European, not being a Public Officer of the Government, to whom such description of public servants is allowed, employing badged peons, or other description of servants wearing badges, contrary to this prohibition, will be liable to the severe displeasure of Government, on representation of the circumstances of the case by the Magistrate, who is directed to report all such instances for the information and orders of the Governor in Council.

PASSPORT REGULATIONS.

THE Right Honorable the Governor in Council having reason to be satisfied of the total inefficiency of the present practice of regulating Passports, either to prevent the passage of unauthorized travellers, to trace the route and the pretensions of those of doubtful character, or to ensure the free progress of those who are duly authorized; has been pleased to establish the following orders for the regulation and control of all Passports granted under the Presidency of Fort St. George.

1st—That from and after the 1st of June next, the Secretary of Government in the Public Department shall be charged with the general control and direction of all Passports granted within territories of Fort St. George.

2d—That Passports of the prescribed form, capable of being recognized by Natives as well as Europeans, in sewed Books with a Cheque Margin for the insertion of the name of the person and No. and date of the Passport (for the purpose of preventing forgeries by comparison when returned) shall be issued by the Secretary of Government to all persons who shall be authorized to grant them, viz. To the Resident in Mysore, and to all Collectors for their respective Districts, with an exception of Sea-ports where there is a Commercial Resident, who will always regulate the Passports of the port where he resides; To the Town Major of Fort St. George for Military persons belonging to that garrison; to the Adjutant General of the Army for all other Military persons leaving the Presidency; and to such Officers Commanding Military stations as shall be authorized to grant Passports. These stations shall be determined in the first instance, and from time to time when any changes of stations may occur, by the Secretary of Government in communication with the Adjutant General of the Army. The Secretary of Government will himself regulate the receipts and issue at the Presidency of all Passports to persons not Military.

3d—That all persons authorized to grant Passports shall keep a register in a prescribed form (blank Books of which will be likewise transmitted) of all Passports received, and another of all Passports issued.

4th—That all Travellers, on arriving at a station, shall deliver their Passport to the proper Officer, who shall register its receipt in the same manner as on granting one, and if the bearer proceeds farther, shall issue a new Passport in exchange, noting on the old one the date of its receipt, and at the end of each month sending by the Post all Passports received, to the person by whom they appear to have been granted.

5th—That the Secretary of Government in the Public Department shall keep a General Register of all Travellers and Passports granted, to enable him to correct which, all Public Officers, authorized to grant or receive Passports, shall transmit to him monthly a copy of their register of Passports granted and received during the month, and shall be held responsible for the application of the exact number of Blank Passports with which they have respectively been furnished by the Secretary.

6th—That Passports to Military Persons shall be granted by Military Officers exclusively, and to all other persons by Civil Officers exclusively, but in cases of urgency, a Military Officer, in the absence of the Civil authority, and a Civil Officer in the absence of the Military authority, may pass a Traveller to the next Post or Station, by endorsing his Pass-

port with the words " Pass to " noting the date; entering in his register the particulars of the Passport, in the same manner as if he had granted a new one; and entering the word "endorsed" in the column of remarks.

7th—Any Traveller stating that he has lost his Passport shall invariably be detained, until a duplicate shall have been obtained.

8th—Public Officers having received a Passport authorizing them to *travel post on the public service,* shall not be compelled to wait for the exchange of their Passports, nor be subjected to any part of these Regulations which involve delay.

9th—All Public Officers authorized to grant or receive Passports, shall report to the Secretary of Government any irregularity or deviation from the established rules which may come under their observation, together with all remarks regarding the conduct and apparent views of Travellers, which may appear proper and necessary to be communicated for the purposes of farther enquiry. And all Public Officers authorized to issue Passports are also empowered, on sufficient information of incorrect conduct or improper views, to refuse a fresh Passport for the continuance of a journey already commenced; (reporting the detention to the Secretary of Government by the post of the day) or even to restrain until further orders the person of the Traveller, if such a measure shall in their judgment appear to be necessary.

10th—For the convenience of official arrangement all letters relating to Passports shall be superscribed "Passport "Service."

MEMORANDUM.

Exclusively of the Regulations which shall be published for general information, it may be proper that all persons authorized to grant Passports should be furnished with instructions for their guidance in granting or refusing them,

The following are supposed to embrace all the material considerations.

1st—To guard against the intrigues of foreigners in the interior of the country either among our own feudatories or subjects, or at the durbars of independent Native Powers, constitutes the main object of these regulations. To prevent foreigners from acquiring local information, though an important, is but a secondary consideration; and lastly, these regulations are intended to restrict the settlement of Europeans in India by indirect means.

2d—No Passport of any foreign Governor, can be considered

of validity to pass a Traveller a single mile through the Company's possessions, but Public Officers stationed near a foreign settlement, will concert with the foreign Governor, or other constituted authority, according to local circumstances, the means of furnishing Travellers from such Settlement with the requisite English Passports on proper occasions.

3d—The routes of foreign Travellers for commercial purposes will be generally by the sea side, and every proper facility should be afforded to that line of communication. But no foreigner must on any pretence be furnished with a Passport to travel inland, or even to deviate from the road nearest the shore, without the special authority of Government.

4th—English subjects who are not in His Majesty's or the Honorable Company's Service, should in like manner be restricted to the road nearest the shore.

5th—All Public Officers who may be authorized to grant Passports, will as soon as may be practicable after the receipt of these instructions transmit to the Secretary of Government, descriptive lists of all Europeans not in His Majesty's or the Company's service residing within the limits of their respective authority; with their opinion regarding the expediency of licensing the farther residence of each individual. The Secretary will return certificates for such as the Governor in Council may think proper to license, and all Europeans not in the service, who shall not possess such certificates on the "first day of August 1802," shall be sent to the Presidency for the purpose of being embarked for England.

6th.—From and after the above date;—no Passport shall be granted to any European not in the Service, who *resides* or *states himself to reside* at any English port or station, nor to any British subject *residing* at a foreign settlement, who does not possess such certificate of license, but Mariners or Traders, whether British or Foreign *not resident in India*, who may desire to pass from one port to another for commercial purposes; shall be furnished with Passports without hesitation.

N. B.—The Certificate should include a description of the person, and should grant conditional permission to reside at the town of "   " subject to be sent to Europe at the shortest notice whenever the Government shall think fit.

FORT ST. GEORGE, 21*st April* 1802.

NOTICE is hereby given, that from and after the first day of July next, no European person of whatever rank, description, or country, will be permitted to travel through the Company's dominions subject to this Presidency, unless he shall be regularly furnished with Passports for that purpose.

The only exception, which the Right Honorable the Governor General in Council has been pleased to make to the foregoing resolution, is in favour of Officers Commanding parties of His Majesty's or the Honorable Company's Troops.

All persons about to travel are accordingly required to take out a Passport, from the Collector of the district in which they may reside, or in places where there may be no Collector, from the Commanding Officer of the nearest garrison, which Certificate or Passport shall be produced to the next Collector or Commanding Officer, who are authorized to cancel it, if necessary, and to issue a fresh Passport.

And European persons of all descriptions are hereby warned, that whoever shall be found travelling without a Passport will be taken up and confined until a report of his case can be made to the Presidency.

Notice is hereby farther given, that a reward of Ten Pagodas will be paid to any person who shall take up and bring into the nearest garrison, any European deserter or vagrant of any description.

FORT ST. GEORGE, *May* 25, 1799.

IN addition to the Government Advertisement published on the 25th of May 1799, prohibiting Europeans of every description from passing thro' the Company's dominions subject to the Presidency, without a regular Passport—The Right Honorable the Governor in Council is hereby pleased to give notice, that from and after the 1st day of June next ensuing, any European of whatever rank, description or country, who shall be discovered passing thro' the territories under this Presidency, beyond fifteen miles from Fort St George, without being furnished with a regular passport, will be taken up and confined until the pleasure of Government shall be known.

2d.—The only exception which the Right Honorable the Governor in Council has been pleased to make to the foregoing resolution, is in favour of Officers Commanding parties of His Majesty's or the Honorable Company's Troops.

3d.—For the more strict execution of this order, notice is hereby further given, that a reward of ten Pagodas will be paid to any person who shall take up and bring into the nearest garrison, any European Deserter, or Vagrant, of any description.

4th.—The following are the Officers by whom Passports will be issued on application.

By the Public Secretary to the Government, to persons not Military.

The Town Major, to Military persons belonging to the garrison of Fort St. George.

The Adjutant General of the Army, to all other Military persons leaving the Presidency.

The Residents at Hyderabad—Poonah—Mysore—and Travancore—the several Collectors of Revenue, the Commercial Residents residing at Sea Ports, and Officers Commanding Military Stations.

FORT ST. GEORGE, *May* 15, 1802.

THE Right Honorable the Governor in Council has been pleased to adopt the following modifications in the Regulations which have been established with regard to the issue of Passports.

It is directed that in future all Foreigners who arrive at Madras, do deliver their Passports at the Police Office in person, and that no Passports be issued to Foreigners except at the Police Office. All Foreigners residing at any of the out-stations or elsewhere, under the authority of the Government of Fort St. George, or who may hereafter arrive, shall without delay report through the channel of the nearest Magistrate, Collector or other local authority, their place of residence, occupation, period of arrival and from whence they have last come, to the Police Office at Madras, and any person failing to comply with this notification, will, on discovery be placed under personal restraint.

It will be the particular duty of Magistrates, Collectors, and other local authorities where Foreigners may reside, to explain to such persons this part of the regulations, and to see that the order is strictly enforced.

All Passports of whatever description, are in future to be translated into the Malabar, Gentoo and Hindoostany languages.

Such parts of the existing Passport Regulations, as are not affected by the above rules, are to remain in full force.

FORT ST. GEORGE, *August* 22, 1807.

The same rates of postage, as specified in the foregoing para. to be levied on all such letters, with the exception of those intended for Europe which the writers of them may wish to be forwarded, with the utmost expedition, to London after their arrival at some port in Great Britain or Ireland, on which letters double postage, at the above rates, is in future to be levied; but no letters will be so forwarded unless the words " Double Postage letters" shall be written on the envelope, or that the wish of the writer that they may be put into the double postage

packets shall be made known, in writing, to the Post Master of the station where they may be delivered in.

11.—That all ship letters for the out-stations shall be liable to the rates specified in the first of the foregoing tables, in addition to the established inland postage, and on all ship letters for the out-stations upon which the Ship postage has not been paid the words "Ship postage not paid" shall be marked on the envelope, and the ship postage thereof, as well as the inland postage thereon, shall be collected by the Post Master of the station at which the person resides to whom the letter is addressed.

That the ship postage on all letters intended to be sent by sea shall be collected from the parties, at the foregoing rates, by the Post Master of the Office into which the letter is first put, together with the inland postage which they may bear to the General Post Office.

12.—That as an encouragement to persons having ship letters to bring them to the Post Offices, a reward of one fanam shall be paid for each letter to the person so bringing them.

13.—That all Newspapers, excepting the Government Gazette, shall pay postage; those within the weight of one ounce being considered as single letters, and paying accordingly, and all beyond that weight, paying, prorato, according to their weight; the postage being collected at the stations to which the papers are addressed; the Newspapers, it is to be understood, are in all practicable cases, to be forwarded by the Bangy Tappal, vide Bangy regulations.

14.—That the Books published at the Asylum Press for the benefit of the Institution, and the Madras Monthly Journal shall, for the present, be forwarded by the Bangy Tappal at the rate of postage chargeable on a single letter only, the same being payable at all the stations to which they are directed.

15.—That parcels of News Papers, &c. arriving by sea shall, in future, be charged with postage at the following rates, those of 1 ounce weight as a single letter, of 2 ounce weight as a double, of 3 as a treble, and so on progressively; if however there may be reason to believe that any parcel contains letters, the person to whom it is addressed will be required to open it, or allow of its being opened at the Post Office, in order that postage may be charged, at the usual rates, on all letters which may be found in it.

As it has been determined that no parcels received by sea shall, in future, be transmitted to any inland station, unless the person to whom it is addressed shall send a request to that effect to the Post Master General, notice will be given, as early as may be possible after the arrival of any ship, of the parcels re-

ceived by her, and on application in writing the parcels shall be forwarded to the persons so applying, when they will be held responsible for the postage of them, whatever may be its amount.

19.—That hereafter the hour for the dispatch of the Tappal shall be six in the evening, and the hours for the General Post Office being open to the public, as follows: viz.

From 10 A. M. to 1 P. M. both for the receipt and delivery of Letters, and from 3 to 5 P. M. for the receipt of Letters only.

20.—That no letters or parcels containing money, jewels or any articles of value shall be permitted to be sent by Tappal.

21.—That no detention whatever of the mails shall be allowed at any of the inland stations, and that when the Public Service shall require it an Express shall be dispatched, but at the risk of the person causing it to be dispatched for any improper abuse of this privilege.

In order to ascertain correctly that the preceding regulation has been acted upon to its full extent, a table will be prepared at the General Post Office, shewing the distance between, and probable time of arrival at each station, with which the returns, to be made by the person in charge at each station will be compared, and the Collector in whose district any delay may appear to have occurred, will be held responsible for the same.

28.—That any Officer on duty, or leave of absence, at the Presidency, who may have occasion to correspond on the public service, shall carry his letter to the Adjutant General who upon being satisfied that the letter is exclusively upon the public service, will frank the same.

29.—That all Officers similarly situated at the subordinates, shall apply to the Commanding Officers of the stations where they may then be residing.

30.—That no Post Office packet shall in future be opened between one station and another for the accommodation of Travellers, as is understood to have been heretofore the practice, but should a competent authority, or circumstances of an urgent public nature at any time render it necessary for an Officer, in the execution of his duty to open a public Mail, it must be carefully opened and closed by the Officer himself, and an official letter must be addressed to the Post Master General explaining, under what orders or peculiar circumstances the measure was adopted.

31.—That no letter which has once been delivered into any Post Office under this Government shall, in future, be restored, except upon an official application in writing, in which the reason for making the application must be stated, a copy of which letter will be forwarded, if necessary, to the station to which the re-delivered letter was addressed, in order to afford the means

of detecting any frauds that may be attempted. It is however to be understood, that the postage will in no case be returned.

32.—That with a view to prevent the suppression of private letters, and the misappropriation of the postage collected on them, all receipts granted in future at the Post Offices under this Presidency for letters delivered in, shall be on stamped paper, each receipt having the word single, double, treble, quadruple or packet engraved on it in the English, Tamool, Telinga and Persian characters, and specifying at the same time in writing, or by a second stamp, the station from which the letter is dispatched—the place to which it is addressed, the date of its delivery into the first Post Office, and the postage paid on it.

With this facility of discovery every individual, European or Native, whose letter does not reach its destination, will be enabled to obtain redress upon application to the Post Master General: but it is at the same time recommended to the public, as an additional check, that every person do insert in a book, to be kept for the purpose, the directions of all letters sent by Tappal, with the name of the station from which they are sent and the date of their delivery at the first Post Office, and likewise that the stamped receipts abovementioned may not be mislaid or thrown away, without which precautions the present regulation cannot, it is feared, have the desired effect.

The Governor in Council deems it proper to repeat that any deviation from the preceding regulations, will not fail to subject the offending party to the severest displeasure of Government.

Bangy Regulations.

GOVERNMENT ADVERTISEMENT.

NOTICE is hereby given, that, for the purpose of reducing the weight of the mails dispatched by tappal, and of affording convenience to the public at large, a Bangy dispatch, will, from the beginning of January next, be established on the routes that lead from Fort St. George to Fort William, to Seringapatam, and to Trichinopoly.

The bangy will be dispatched three times a week, and the days of dispatch from the Presidency, will be Tuesdays, Thursdays and Saturdays. The first bangy will consequently start on Tuesday the 2d of January 1810.

All newspapers and all public dispatches exceeding the weight of one ounce, will be reserved for the bangy; except in cases where the early receipt of any public dispatch may be deemed important, when it must be endorsed with the words " by tappal,"—and in the case of extra newspapers, not exceeding the weight of a single letter, which will still be forwarded by tappal.

When newspapers and public dispatches, exceeding the weight

of one ounce, may be addressed to or from stations beyond those to which the bangy is sent, they will be transmitted, as far as possible, by bangy, and forwarded by tappal only to, or from the final bangy station.

Parcels for the bangy must be delivered at the General Post Office, before the hour of 12 in the forenoon of the day on which the bangies are dispatched, and the bangies will be dispatched at 4 o'clock in the afternoon.

The bangies will be opened for the receipt of all parcels (with the exceptions hereafter mentioned), and the bangy-postage of a parcel, not exceeding fifty rupees weight, will be three times the tappal postage of a single letter,—that of a parcel, not exceeding one hundred rupees weight, will be six times the postage of a single letter;—and so on in arithmetical progression:—but, no parcel, exceeding one thousand rupees weight, will be received for transmission, by bangy.

Newspapers will be charged only with the present rate of postage, and the Government Gazette, will, as at present, pass post-free.

All parcels, whose bulk exceeds the cube of six inches, will be charged with double postage, and none, whose bulk exceeds the cube of one foot, will be received for transmission by bangy.

Every precaution will be adopted for the security of parcels transmitted by bangy, and it is not apprehended that they will be exposed to any considerable degree of risk, but it is proper to notify, that the Post Office will not be held responsible for their safety.

PUBLIC DEPARTMENT.

THE Honorable the Governor in Council, having had under consideration the Post-Office arrangements of this Presidency, has been pleased to adopt the following supplementary rules, which are now published for general information, and are required to be duly observed by all Public Officers whom they may concern.

1.—The employment of expresses, having at times considerably retarded the transmission of the mails, is hereby forbidden, except in cases of urgent importance; and, in such cases, the Officer employing the express is to state in the body of his dis-

patch that he had deemed it incumbent upon him to do so;— whereby the circumstance will stand upon record and be open to investigation.

2.—It is provided by the existing regulations that public dispatches exceeding a certain weight shall be reserved for the Bangy, unless endorsed with the words "*by Tappal*;" and it is hereby further required that they shall not be so endorsed, unless the early receipt of them be of real importance.

3.—With the view of diminishing the bulk and weight of public dispatches, it is hereby required that in future they be copied within the smallest space compatible with perfect legibility,—that they have ⅛th instead of ¼th margin,—that all blank leaves be withdrawn —that the enclosures whenever practicable, be written consecutively,—and that the packets be made up in the most compact form which the nature of their contents will allow.

4.—The payment of full postage having been sometimes evaded, by enclosing a number of letters under one cover and transmitting them by bangy instead of tappal, no packet will in future be received by the bangy, unless it be open at the ends, like a Newspaper, and be found not to contain letters.

LIGHT HOUSE.

THE Light House on the Exchange in Fort St. George was erected by the Exchange Committee, with the sanction of Government, in December 1796, and is of essential service to Ships coming into the roads in the night.

The Light is 90 feet above the level of the Sea at high water; it can be seen from the decks of the Honorable Company's ships about 17 miles, and from their mast heads near 26 miles.

The South part of Pulicat shoal bears from the Light House, N. by E. half E. distance 12 miles; and to keep clear of the shoal, the light should always bear to the Westward S. S. W. ¾ W.

SIGNALS

for Ships or Vessels in the Offing.

SIGNALS respecting Ships or Vessels in the Offing, whether Men of War, or Merchantmen, are made from the top of the Fort Square of Fort St. George, on which there are three Signal Staffs. One consisting of an upright Mast, representing the East point of the compass with a yard flung by the middle across, the Arms of which pointing to the North and South points of the compass.

Three classes of Vessels are expressed by these Signals; Vessels of three Masts, of two Masts, and of one Mast.

An Ensign, or square national flag, represents a Ship of three masts; a national flag, with two points or swallow's tail, represents a Brig or Snow, &c. of two masts; and a broad national pendant terminating in one point, represents a Sloop or Cutter, of one mast.

If either of these flags are hoisted to the top of the upright staff, the vessels seen are in the East Quarter of the compass; if hoisted to the North or South arms of the cross yard, the vessels seen are in the North or South Quarters of the compass.

The number of ships that appear in the offing, are expressed by pendants. A white pendant signifies one Ship or Vessel; a red and white pendant, two Vessels; a red pendant, pierced with white, three Vessels; and a yellow pendant pierced with blue, four Vessels; when the number of Vessels exceed four, they are to be considered as a Fleet; on which occasion a long blue and yellow pendant will be hoisted.

If the Vessels in sight are Men of War in the East Quarter, one of the numerical pendants, will fly from the national flag of the upright Staff; if in the North or South Quarters, the pendants will fly at the extremity of the yard arm over the National flags, hoisted on the stay of the North or South Arms of the Cross Yard.

If Merchantmen are seen in the North, South, or East Quarters, the numerical pendant will fly under the National flags. If the Ships are Indiamen, a blue pendant will be displayed as usual under the Union flag of the Fort.

If a fleet is in sight, one Gun will be fired after the signal for the fleet is made; and if there are two fleets of different nations in the same point of the compass, the signal of the first seen fleet, will be lowered after the space of 15 minutes and a

fresh signal hoisted, which is likewise to be accompanied by a Gun.

A Packet is announced with a blue flag pierced with yellow, hoisted to the extremity of the Staff or Arms, expressive of the quarter she is in.

The annexed Plate represents the flag of all nations, that trade to Madras; in the upper corner of which is represented the flag staff and yard, and the manner in which the Signals are made to express Ships or Vessels discovered in the North, South, and East Quarters of the Compass.

The St. George's flag hoisted on the upright staff with a yellow pendant pierced with blue over it, announces that four sail of British Men of War appear to the Eastward; the Dutch flag of two points or swallow's tail hoisted on the stay of the Northern staff, and a red and white pendant over it at the extremity of the Arm, represents two Dutch armed Brigs or Snows in the North Quarter, and a French broad pendant hoisted to the stay of the South Arm of the cross yard, with a red pendant pierced with white flying over it at the extremity of the Arm, represents three French armed cutters in the South Quarter of the compass.

If the numerical pendants, instead of flying at the extremity of the Staff, are hoisted under the National flag, in the manner expressed by the letter M. they will describe the same class of vessels to be Merchantmen.

N. B.—The blue pendant flying under the union flag of the Fort, with the St. George's Colours hoisted upon any one of the Signal staffs, expresses an Indiaman. A yellow Pendant flying under the Union flag with either of the three white flags hoisted under any of the signal staffs, represents a Spanish Vessel; and if a red Pendant flies in the place of the yellow Pendant, it will express a Portuguese. A blue and yellow Pendant, flying over the National flag represents a fleet of Men of War, and under it, a fleet of Merchantmen.
